## TERMS and CONDITIONS

1. The terms of the sale are cash. Settlements are to be made with the clerks of the sale during or immediately after the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.
2. Insurance will be available for animals at the purchase price. (See clerks for details.)
3. Each transaction in this sale will constitute a contract between buyer and seller. The sale manager, auctioneer or ringmen have been employed for specific tasks not connected with the handling of the cattle or condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any responsibility for injuries that may occur. All persons attend this sale at their own risk.
4. Guarantees --- This being a dispersal sale, all the animals sell without guarantee. However, females not having calved will be pregnancy examined and the results announced at the time of sale. Every known blemish or defect will be called. NO ANIMAL WILL KNOWINGLY BE SOLD THAT IS NOT CONSIDERED TO BE A SOUND BREEDING ANIMAL.
5. Health --- All animals in the sale have been tested for TB and Bangs within thirty days of the sale date. All the animals selling will have health charts and meet the requirements for interstate shipment. If there are exceptions, an announcement will be made from the auction block.
6. Announcements from the auction block take precedence over statements printed in the catalog.
7. Purchasers are asked to furnish information necessary for proper transfer of animals. The ASA Sale Management will transfer certificates to the new owners.

**A "GROWTH" STOCK**

Shorthorn and Polled Shorthorn cows are a growth stock: In financing parlance this means a sound investment that is assured of increasing in value.

The future of all beef cattle looks bright. The growing population in America and a growing per capita beef consumption makes investment in cow-calf programs mighty attractive.

The Shorthorn-Polled Shorthorn future looks especially bright. That is because the breed has more to offer the beef world than any other breed.

There are breeds more highly glamourized...there are breeds with more inflated values but no breed is more universally recognized for its improvement ability than the Red, White and Roan. Nearly every large, exotic breed in the world owes much of its parentage to Shorthorns. If you really think about that fact alone, you should have a greater appreciation for Shorthorns.

No breed has more genetic purity than Shorthorns. The breed has no problem with dwarfism, cancer eye, prolapses, sunburned udders. No beef breed is so enriched with milking ability, with docility, with gaining ability.

We could go on and on about Shorthorn superiority and their higher profit potential. If you own Shorthorns, you know their dependable productive ability. If you don't own Shorthorns, it is high time you did. The females offered in this sale can do much to cement your faith in our breed.
